

MUHAMMAD ARIF

MERN Stack / Frontend Developer

Rahim Yar Khan, Punjab, Pakistan | +92 329 4943761 | arifnawaz422@gmail.com

PROFILE

Software Engineering graduate with hands-on experience building full-stack MERN applications, including authentication, third-party API integration, and responsive UI design. Comfortable across the stack from React front ends to Express/MongoDB back ends, with growing experience in FastAPI. Immediately available for remote or on-site internship opportunities.

TECHNICAL SKILLS

- Languages: JavaScript (ES6+), Python (basic)
- Frontend: React.js, React Native, HTML5, CSS3
- Backend: Node.js, Express.js, FastAPI (learning)
- Database: MongoDB
- Tools: Git, GitHub, REST API integration, JWT authentication

PROJECTS

CineVault — Personal Movie Collection & Watchlist Manager — MERN Stack

- Built a full-stack app with JWT-based authentication and CRUD movie management.
- Integrated an external movie API for automatic movie data fetching.
- Implemented watchlist, favorites, personal ratings, and watch history features.
- Added soft-delete recycle bin, search/filter/sort, and a stats dashboard with a dark, cinematic, responsive UI.

Blood Donation App — Flutter/Dart — Final Year Project

- Developed a cross-platform mobile application to connect blood donors with recipients.

Personal Portfolio — HTML/CSS

- Designed and built a personal portfolio site to showcase projects and skills.

EDUCATION

BS Software Engineering — The Islamia University of Bahawalpur 2022 - 2026
